Please list your trip experience here. Organizational trips are those that were sponsored by an organization (school, AGC, tour company). Personal trips are ones you did solo or with friends greater that one day in length. For organizational trips, indicate whether you were a participant or a leader. If there isn't enough room to list all your trips, pick the ones that were most significant. Headings: Year: year of trip; Location: where trip took place; Activity: the type of activity you were doing. If it was mostly visiting museums and did not involve any outdoor activity such as hiking, put touring. # days: trip duration; # people: group size; age range: age range of group members; coed/F: coed or all women; P/L: participant or leader
